PETITION FOR REVIVAL OF AN UNAVOIDABLY ABANDONED PATENT
APPLICATION UNDER 37 C.F.R. § 1.137(b)

Dear Sir:

Applicant respectfully petitions for the revival of the above-identified patent application pursuant to 37 C.F.R. § 1.137(b) which was unavoidably abandoned.

I. The Abandonment of the Present Application was Unavoidable

This file has already been revived per the Decision on Petition for Revival dated August 23, 2002, for the reasons stated therein. *See*, Exhibit A attached hereto. Because a substantive response to a final office action had been included with the original Petition for Revival, the decision on the petition and the substantive amendment were returned to Technology Center 3671 for consideration and further action.

Thereafter, the Patent Office lost the file. The Technology Center 3671 never sent any advisory action, final rejection, notice of abandonment or otherwise. Technology Center Supervisor Tom Will confirmed on June 3, 2007, after finding the file in response to numerous status request letters, faxes and phone calls, that the last document in his file is also the August 23, 2002 decision on the petition.

03/26/2008 EAREGAY1 00000020 083460 09640126
01 FC:1452 510.00 DA

Accordingly, no paper was ever received from the patent office establishing a deadline by which this office should have filed an RCE or Notice of Appeal. Numerous status letters from applicant are submitted hereto as Exhibit B.

Presumably, the Patent Office lost the file somewhere between the petitions group and Technology Center 3671. The file was never scanned, per Mr. Will.

No papers were ever received by this office, not even a Notice of Abandonment. This is because no action or other paper was ever issued after August 23, 2002 by the Technology Center, who does not appear to have had the file.

Because no official action was ever received by the patent office, and because the patent office did not respond to numerous status requests, letters and phone calls regarding the whereabouts of the file until May of 2007, the abandonment of this file a second time was unavoidable. The applicant cannot respond to an office action that was never received. No useful information was available on private PAIR.

Moreover, the rules provide for further pursuit of an application when its status is unknown by means of a status request letter. Applicant made full use of this procedure, and still received no response from the patent office until June of 2007, which was by telephone from Examiner Will.

WHEREFORE, applicant prays that the above-captioned application be revived.

Respectfully submitted,

Robert C. Haldiman

OFFICE OF PETITIONS

In re Application of
Norbert Diekhans
Application No. 09/640,126
Filed: August 16, 2000
Atty Docket No. 3869/59156-083

DECISION ON PETITION

This is a decision on the "Petition for Revival of an Application for Patent Abandoned Unavoidably under 37 CFR \$1.137(a)," filed April 23, 2002, which is being treated as a petition to withdraw the holding of abandonment under \$1.181 based on nonreceipt of an Office action.

The petition under \$1.181 is **GRANTED**.

The above-identified application became abandoned for failure to file a timely and proper reply to the final Office action mailed July 16, 2001. The Office action set a period for reply of three (3) months from the mail date of the Notice. No extensions of time under the provisions of 37 CFR 1.136(a) were obtained. No reply having been received, the above-identified application became abandoned on October 17, 2001. A Notice of Abandonment was mailed on February 26, 2002.

The petition supports a conclusion that petitioner promptly filed the instant petition after determining that the instant application was abandoned. Petitioner states that the application became abandoned as a consequence of the final Office action not being received by the applicant's attorney. Petitioner specifically states that along with his former legal secretary, he reviewed the file, docket record book and computer database maintained by his firm for evidence of the final Office action, but no evidence of same was found. In support of a showing of nonreceipt, petitioner submits *inter alia* a copy of their docket record for the period of July 9, 2001 through August 9, 2001.

The showing required to establish nonreceipt of an Office communication must include a statement from the practitioner stating that the Office communication was not received by the practitioner and attesting to the fact that a search of the file jacket and docket records indicates that the Office communication was not received. In addition, a copy of the docket record where the non-received Office communication would have been entered had it been received and docketed must be attached to and referenced in practitioner's statement.

EXHIBIT A

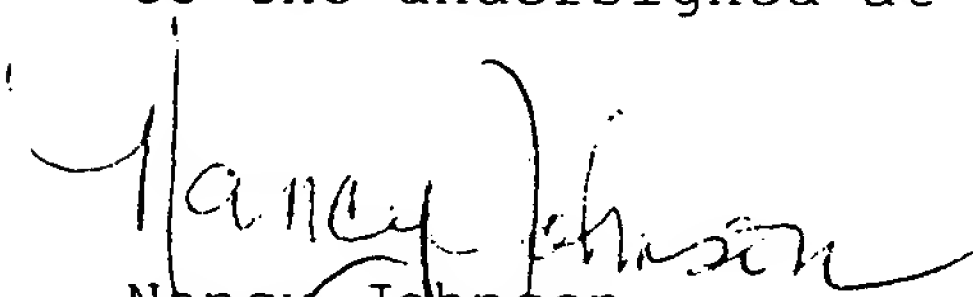

Petitioner's arguments and evidence have been considered, and found persuasive to show nonreceipt of the July 16, 2001 Office action at the correspondence address of record. Accordingly, withdrawal of the holding of abandonment for nonreceipt is warranted.

In view thereof, the holding of abandoned is hereby **WITHDRAWN**.

Since consideration of the petition under \$1.137(a) is unnecessary for the reasons cited, the petition fee (\$110) is being refunded to Deposit Account No. 08-3480, as authorized.

Accompanying the petition was an amendment in reply to the final Office action¹. The application is being returned to Technology Center 3671 for consideration of the amendment filed April 23, 2002.

Telephone inquiries concerning this decision should be directed to the undersigned at (703) 305-0309.
